

Company Profile

More than ten years of experience in the airline industry makes Lufthansa LEOS to an expert concerning ground support. Lufthansa Engineering and Operational Services GmbH is a 100 % subsidiary of Lufthansa Technik AG with its headquarters at the international hub in Frankfurt and branches in Munich and Düsseldorf.

The company provides engineering services for tools and Ground Support Equipment (GSE), maintenance and overhaul services for GSE in its own service centers and offers a marketplace for new and used GSE. LEOS calibrate torque measuring equipment and pressure measuring equipment. Furthermore it provides chauffeur- and courier-services as well as apron services.

LEOS is a DIN ISO 9001:2000 certified organisation. Together with Lufthansa Technik LEOS is an approved design organisation for Ground Support Equipment (EASA 21) and authorized to develop and modify tools and equipment for aircraft maintenance.

With its world wide relationships, based on long-terms experience, LEOS can offer tailor-made solutions. Its customers benefit from services based on competence and experience.
